Tampa, FL - Microsoft Corporation recognized ECCi, Florida, a Microsoft Gold Certified Partner, with the Microsoft Dynamics Excellence in Manufacturing Award for their success in delivering solution to this industry. ECCi was honored at the recently held Annual Partner Recognition Event in Tampa.

The award recognizes ECCi's combination of industry and product knowledge across Microsoft Dynamics ERP solution.

"We stay focused on Microsoft Dynamics so that we have a deep understanding of Accounting, Financial Management, Supply Chain Management, Manufacturing, and CRM. Our customers tell us that we are unique to the industry because we really understand their issues, and have the knowledge to solve their problems."

About ECCi

ECCI is a Microsoft Gold Certified Partner. ECCi provides additional value to companies beyond software by helping customers solve their business issues based on 30 plus years of experiences. We deliver service by using a Trademarked implementation process called Rapid Deployment Methodology. By using this methodology we take the guess work out of what a project is going to cost. Success depends on the right partners and ECCi brings exceptional value to each of our customers in our partnerships.
